RE: IN SUPPORT OF THE TANZANIAN EDUCATION FOUNDATION

To Whom It May Concern,

My name is Donna Duggan and I am writing this letter to certify the intentions of the Tanzanian Education Foundation, based in South Carolina, United States of America.

The Tanzanian Education Foundation was recently established but already carries a legacy of hope for many Tanzanian schools and other educational projects. This is evidenced by their continual support for Meru Peak Day School and the recent assistance for Ilkurot Nursery & Primary School. They clearly demonstrate that their Mission Statement is the core concern and strive to provide educational opportunities for underprivileged children who would not normally access education.

I have personally had the pleasure of knowing Nicole Miller and Erica Oblinger for more than three years and as Directing Sponsor of Ilkurot Nursery & Primary School, I can wholeheartedly endorse their base values of honesty, integrity and sincerity that they demonstrate unflinchingly as they move towards their goals.

The Board Members of the Tanzanian Education Foundation are committed to their goals and maintain strict adherence to them at all times.

I would sincerely recommend the Tanzanian Education Foundation to be the recipient of grant funding as I know that their commitment, judgement and integrity are second to none.
