Dear Tanzanian Education Foundation Donor:

TEF is a grassroots nonprofit foundation committed to creating hope for a brighter future for the underprivileged children of Tanzania. Our Board of Directors have seen the needs of the children firsthand and have developed programming to provide a path out of poverty through education. In 2006, Nicole Miller and Erica Oblinger, TEF's co-founders, traveled to the village of Tengeru in Arusha, Tanzania, to volunteer as teachers in some local, poverty-stricken schools. Upon their return to America, their altruistic urge led to the development of the Tanzanian Education Foundation. TEF's goals for include sponsorship of Meru Peak Nursery School, building a fence, kitchen, 2 new classrooms, and installing plumbing and running water at Meru Peak.

Throughout the year, TEF sponsors various fundraising events and sells paintings, jewelry, t-shirts, and photography. TEF takes pride and gratification in our efforts to raise money to support the aforementioned goals. Unfortunately, it is not enough. We must depend on contributions from passionate donors who believe in our causes. It is our hope that the combined resources will make the Tanzanian children's dreams become a reality.

According to Nelson Mandela, "Education is the most powerful weapon which you can use to change the world." Through our endless dedication and your financial support and belief, we can together change the world for the children of Tanzania.

Thanking you in advance for your support,

TEF Board of Directors
